HOW TO RIDE THE BUS

First look at the bus route map to determine what bus route you need to take and where that bus goes to. If the bus does not go where you need to go, determine which bus will get you there and where you can transfer from one bus to the other. For example, if you want to travel from South Cushman to the University of Alaska, you cannot get there by transferring from one bus to another. You would first take the Purple Line to the Transit Center, then transfer to either the Red Line or Blue Line to finish your trip.

Once you determine what routes you need to take, determine what time the bus comes by a location closest to your departure point. This can be determined by looking at the route schedule. First look for a location on the route that is close to your departure point. The locations can be seen across the Top of the schedule. Then go down the column of times to find a time closest to the time you want to travel. The bus will come around that time.

Make sure you have the correct fare for riding the bus. Bus drivers do not make change. Go to the .

road closest to you where the bus travels down and wait at a bus stop sign. Bus stop signs are usually located 2 or 3 blocks apart. Try to be at the bus stop about 5 minutes before the bus is scheduled to arrive. This might take some practice. The bus may come a few minutes late depending on road conditions, traffic and weather.

If you have any questions about transferring buses or where to get off the bus near your destination please ask the driver. They will help make your trip as easy as possible

Thank you for using

MACS Transit
